Opthalmoscope and Retinoscope - Combined.

An up-to-date instrument for the diagnosis of the pathological condition of the eye without the use of a dangerous anesthetic to dilate the pupil. By its use all errors of refraction are tested and measured to an absolute certainty, without asking the patient any questions—thereby leaving the operator independent of intelligence of the patient. (Great for children). It is the latest and most wonderful production of optical science. By its use the veins and arteries are seen as clearly as the patient's face. This instrument is used as a hand held device for determining a specialty of examining and fitting of glasses to the eye. I have up to date with the latest and best methods and instruments and that the best is yet to come for my patrons. They may rest assured that they will get the latest and best service obtainable anywhere derived from long years of practical experience with up-to-date apparatus and for the least money.

C. train and Mr. and Mrs. Nelson went at once to their home on the Clarksville pike. Mr. Nelson lives with his father, Mr. H. Nelson, near the city.

NEARLY 100 BILLS

Returned By Grand Jury Which
Adjourned Wednesday.

The grand jury adjourned Wednesday afternoon. The body had been in session fifteen days and ninety-five indictments were returned.

The jury, in the suit of Birch Jackson's administrator against the Empire Coal and Mining Co., for damages, found for the defendant. Jackson was killed by falling slate in the company's mines and suit was brought for \$10,000.

The suit in the name of the commonwealth for use and benefit of B. L. Butler against former police Lee Morris and his surety has been on trial for two days and was given to the jury yesterday afternoon. Butler alleged that the defendant unnecessarily clubbed him while making an arrest on the street here. Verdict for plaintiff for \$150.

MAJ. RADFORD

Will Not Get Divorce on Charges
of Infidelity.

Frankfort, Ky., Oct. 11.—The Kentucky Court of Appeals today upheld the judgment of the Christian circuit court in refusing to grant Maj. Cyrus Radford of the United States navy a divorce from Florence Robinson Radford on grounds of infidelity.

Mrs. Radford is a daughter of a naval officer. They married at Washington in 1896. They agreed to separate in 1900. Mr. Radford went to New York City to reside. The husband employed detectives there to watch her and they gave rather sensational testimony by deposition against her in the courts here. It was ruled the testimony was incompetent.

CAUSED BY CONVULSIONS

Was Death of Mrs. Wells, Near
Pilot Rock.

The wife of Mr. Charles Wells, a merchant near Pilot Rock, died suddenly Tuesday morning. She had not been in good health for some months but was able to be up the most of the time. When she arose Tuesday she was seized with convulsions and lived only a short while after the attack. She was 35 years old and leaves a husband and four children. The interment took place at Ebenezer Wednesday.

SELLS FARM

In Christian and Returns to Old
Home.

Mr. W. F. Fiese has sold his farm near Bennettstown to Mr. Elbert Miles and left here with his family last night for Beloit, Wis., where he will reside. Mr. Fiese came to Christian county from Wisconsin twenty-one years ago. He is a native of New York.

MASS MEETING

Developed Nothing Except a Divided
Sentiment on Amounts.

The mass meeting at the Court House Tuesday night to consider the sewerage question was organized by the election of Judge W. T. Fowler as chairman.

Mr. J. B. Gaibreath, of the Council, and Dr. R. L. Woodard said \$30,000 was enough for the work in hand and that a proposition for that amount would be more apt to pass. This view was opposed by Mr. A. J. Casey, who preferred \$50,000 as the amount to be voted on. He proposed a resolution naming a committee to assist the council, but after discussion it was withdrawn.

About the only business transacted was the adoption of the following resolution offered by Mr. Frank Rives:

Resolved, that we, the citizens of Hopkinsville, in mass convention assembled, recognizing the urgent need of an adequate sewerage system for Hopkinsville, endorse the action of the City Council of Hopkinsville in calling an election to vote on the proposition of a \$50,000 bonded issue for sewerage purposes, and that we give them our hearty co-operation and assistance in carrying the same at the coming November election.

The prospects for the passage of the proposition in its present shape are by no means bright. It fact it has been loaded so heavily that it is virtually killed.

TOBACCO MARKET

Receipts to Date Nearly Fourteen
Thousand Hogsheads.

Receipts this week 145 hogsheads of tobacco. Receipts for the year, 13865 hogsheads. Sales for the week were smaller than those of last week, but prices remain about the same. Sales for the year amount to 12561 hogsheads. There were only four hogsheads rejected this week.

R. M. Woodbridge & Co., had a sale of the loose weed on the floor. The sales were good. As nearly all the old crop has been disposed of, the loose sales are not now so heavy as they were a few weeks back, but as soon as the new crop begins to move, this branch of the business will at once increase.

CALLED A HALT

On the Erection of Cabins With
out Permits.

The attention of the Council has been called to the unlawful erection of objectionable cabins around the Virginia street school building; action was taken at the last meeting to stop the erection of any more cabins until permits have been secured, signed by adjacent property owners. The city engineer was instructed to look into the matter and see that no houses are erected without permits. The question of removing those already up was not considered at the last meeting of the Council.

FOR BOLDNESS

This Theft Committed Here Beats
'Em All to Date.

A thief entered the residence of Mr. Clark, T. C. Railroad watchman, on West Seventh street Tuesday night and carried off two pistols, a revolver, and some other bedding. The thief was committed before the family had retired. Members of the family heard the thief in the room, but thought that the noise was made by one of the family and paid no attention to the matter.

Duke-Brothers.

Mr. C. F. Duke, of Weir, Ky., and Miss Susan J. Brothers, of Johnson, this county, were married Wednesday night. The Rev. Grace officiated.

Stallion Sold.

New York, Oct. 11.—The stallion Hamburg, one of the studs of the late William C. Whitney, was sold for \$70,000 to Harry Payne Whitney.

JOHN C. DAY

Left Off the Ticket Will Run Independent.

Mr. John C. Day, formerly of this city, is a member of the School Board of Louisville, and recently the city council nominated all of the old board except Mr. Day. E. W. Wolf was put on to his place. Mr. Day has accordingly announced his candidacy as an independent. In his card he says:

A great many of my friends and a great many voters of the First ward have called upon me to make the race for school trustee independent of party affiliation. I am a Democrat and an old Confederate soldier, and I propose to vote the Democratic ticket at the coming election, and my friends demand that I shall accede to the wishes of a large proportion of the voters in the First ward disregarded in the selection of a school trustee, and I therefore respectfully solicit the votes of the people of the First ward. If you deemed me faithful in the past, I believe I can be more efficient in the future.

As all the votes for school trustees are cast *viva voce*, we will thus be enabled to determine whether the people of the First ward are willing to give their personal trust to me. I am very grateful to Miss Julia Flordridge, West Cornwell, Conn.

The King and the Clown.

The sad king heaved a sigh and stepped
Down from his throne, one day,
And paced the palace floor and kept
His gaze fixed far away.

Awakened by the monarch's sighs,
The spangled, care-free clown
Looked up and said: "Uneasy lies
The head that wears a crown."

"It ain't my crown that galls," the king said.

In anger answered: "no, it's that Welsh rabbit—darn the thing—"

I let a while ago."

100 VETERANS DIE EACH DAY

Despite High Mortality Number of Pensions Will Not Decrease.

Washington, Oct. 4.—Veterans of the civil war are dying at the rate of 100 a day. Commissioner of pensions makes this statement, and adds that applications for pensions are being filed at an average rate of 700 a day. The high mortality among veteran pensioners is resulting in an increase in applications by widows and minors, and will not soon produce any reduction in the number of pensions.

ASYLUM TROUBLES

Result in a Batch of Indictments Against Officials.

Dr. Board Says They Are the Re-
sult of Spite Work Following
Dr. Lackey's Removal.

The grand jury Wednesday af-
ternoon, upon the testimony of Dr.
W. A. Lackey, until two days be-
fore first assistant physician at the
Western Asylum, returned the fol-
lowing indictments against the Su-
perintendent and other officers of
the institution:

Joint indictment against "Dr. Mil-
ton Board and others" for malfeas-
ance in office, in "giving away pub-
lic property." This includes 8 of 9
members of the Board of Com-
missioners. W. T. Tandy, the new
member, is not included. It is al-
leged that the defendants presented
Senator Gus W. Richardson with
two Jersey heifer calves belonging
to the Asylum, one two years old
and one 8 months old.

Individual indictments are also
returned against five commis-
sions, viz:

Judge C. H. Bush, for accepting
a fee in a law case in which he and
other lawyers represented the Asy-
lum.

John B. Chilton, for holding the of-
fice of farm superintendent at a sal-
ary of \$1,000.

M. H. Carroll, for having sold
straw and other provender to the
institution.

President F. M. Quarles, for hav-
ing sold hay and corn.

Marlow Johnson for having sold
cattle, he being a member of the
cattle-dealing firm of Ford & John-
son.

Joseph C. Buckner, Secretary of
the Board, and a member of the
coal firm of Buckner & West, was
indicted for having a contract to
supply coal to the Asylum.

Lucian H. Davis, Treasurer, for
having the contract for stone work
on the new addition to the Asylum,
now under course of construction.

In addition to these indictments
Dr. W. A. Lackey was himself in-
dicted for "assault and battery"
upon a patient named Spegal Bour-
land, while he was temporarily in
charge of the Asylum. N. H. Fen-
tre and Tom Winders are wit-
nesses in this case.

Some of Them Dismissed.

Yesterday afternoon on motion of
Com. Atty. Smith, the indictment
against Dr. Board and others was
dismissed as to Dr. Board and
Commissioners C. H. Bush and
David Smith. Mowers, Bush and
Smith were not present when the
board voted to present the cattle to
Senator Richardson and Dr. Board
did not vote upon it and was not a
party to the transaction, though he
says he approved of it and is not
disposed to shirk any part of the
responsibility.

Dr. Board's Statement.

Dr. Milton Board, Superintend-
ent, in an interview said:

"The indictments are all the re-
sult of spite work and would never
have been thought of except for Dr.
Lackey's removal. A statement in
regard to his removal should be

It is not the first time that a man
who has done no wrong has been
the victim of spite and malice in a
star chamber proceeding. Nearly
two years ago a suit for damages
was filed against the Western Ken-
tucky Asylum by one P. M. Wil-
liamson as administrator for his son
for the latter's death, alleging that
while he was a helpless patient at
that institution he was negligently
scalded to death. The accident
occurred on Dr. Lackey's ward,
and the suit was for \$25,000, and
filed and vigorously prosecuted by
some of the ablest lawyers at the
Hopkinsville bar, Judge James
Breathe and Downer & Russell.

While I was trop home engaged
in my canvas for Circuit Judge and
without any solicitation on my part
and without my knowledge (until
afterward) the Board of Com-
missioners made an order selecting
Hunter Wood & Son and myself to
defend the suit. In conjunction
with them I labored faithfully in de-
fense of that case which was a dan-

gerous one, and gave it my full at-
tention until the close of the trial.

JUDGE C. H. BUSH.

and I don't think because I was an
Asylum Commissioner serving the
State in that capacity for nothing I
was debarred from accepting a rea-
sonable fee for service rendered.

I don't believe the statute re-
lief to me will admit of that
construction.

The same statute has been in
force many years, during which time
I understand that Judge Pe-
terson and the Hon. John Felan,
while Asylum Commissioners,
transacted law business for the
Asylum and received compensation
for it, and it is within my per-
sonal knowledge that Judge
Breathe and Downer & Russell
represented the Asylum in a
suit while I was not at the Asylum.
I never voted for it, was not at the Asylum
when the Board took action on the
matter, and knew nothing of it until
sometime after the shipment
of the cattle. So far as I am con-
cerned, the grand jury acted in
this matter entirely without proof
or investigation, and indicted me, I
suppose, simply because I was a
member of the Board.

I make this statement in refer-
ence to the cattle transaction be-
cause it is in strict accordance with
the facts and to show that I had no
connection with it whatever, but I
do not wish to be understood as
criticizing my associates who have
done, for I am sure they acted from
the best and purest motives. Mr.
Richardson perhaps more than any
one else had been instrumental in
securing the \$75,000 appropriation
for the enlargement of the Asylum
and what they did was a very
sight testimonial of their apprecia-
tion of what he did for the institu-
tion.

The latest troubles in the West-
ern Asylum are viewed by the
Kentuckian as happenings that
must be handled merely for their
news value. The only feature
about them that directly concerns
the Kentuckian is the significant
fact that Dr. W. A. Lackey's re-
tirement marks the disappearance
of the last of the officials with whom
it had its little unpleasantness
three years ago. Although it has
been in no way interested in
changes made subsequent to the
fight it made and lost, the position
it then took has been vindicated by
the logic of events. The Kentuckian
is nearly always right.

TALKING TREE.

Mysterious Voices Heard on a Farm Near Heath.

Out on the farm of Will Albert, near Heath, the people of the section are yet wrought up over the "talking tree" that has been there for some time, says the Paducah News Democrat. Enormous crowds continue to congregate there almost every Sunday to hear the strange noises that emanate from the tree.

The voice can be distinctly heard and says "there are treasures buried at my roots."

A party consisting of the most reliable citizens of the country visited the tree not long since to make a thorough investigation for themselves as to the noise being heard. They listened patiently for several hours and were preparing to leave for home when a sudden crash, which had been given many times before the marvelous production of a human voice, came.

The mystery yet remains unsolved, and so great has the number of people been who have gone there in the past several months that the tree is now dead, caused by the continuous tramping on the earth surrounding the tree.

The only theory that has been suggested is that a man was killed under the tree in 1865, and while many do not believe in "spirits," the facts are so plain and the voice can be so distinctly heard that they cannot dispute the fact.

A family of people who lived there many years ago became so frightened from the voice that they sold their farm at a great sacrifice and went West and are now living in Texas.

Populist Candidates for Congress Left Off Ticket.

Frankfort, Ky., Oct. 11.—By an oversight of the leaders of the People's party in Kentucky the several candidates of that party for Congress in the districts in the western and southern part of the State will not get their names on the official ballot to be voted in the November election. The party, not having cast 2 per cent of the total vote in the last general election, is required to get its candidates on the ballot by petition of citizens. The leaders presented to the Secretary of State a petition to get its electors a place, but overlooked the candidates for Congress. In the First and Third congressional districts the party's congressional candidates have been making an active campaign.

The candidates of the Prohibition party in the Fourth and Tenth congressional districts also lost their places. They filed their petition too late.

Securing a Star.

The general public seldom appreciates the amount of energy, perseverance and foresight that is used by the reputable theatrical manager in catering to the popular demand, in the selection of play and players. Mr. Joseph Shipman, who has made an enviable reputation in the amusement world by his many successful revivals of Shakespearean comedies, has for years entertained an ambition to produce that brightest and cleverest comedy created by the immortal pen of the Bard of Avon: "Twelfth Night," but would not do so until satisfied that he could acceptably fill the part of "Viola," not an easy task in these days of blood curdling melodrama and musical comedy, but patience has brought its deserved reward, and Mr. Shipman has succeeded in securing in the person of Miss Charlotte Burnett, an artist who fills all the demands of that astute manager, and has in the past demonstrated her ability to successfully realize all that Shakespeare intended in this special heroine of comedy.

Mr. Shipman has surrounded Miss Bennett with a carefully selected company of artists, who have appeared in the principal Shakespearean revivals of the past decade, and has equipped the company with an entire scenic environment the finest ever given this exquisite comedy, which will be the attraction at the Holland Opera House on Monday, Oct. 17.

Stegar Park.

Mr. Ed. Stegar, of near Longview, and Miss Mary Park, of Linton, Ind., were married at Central City Wednesday afternoon. Miss Park was in Central City on a visit to friends and it was arranged to have the wedding occur there. Mr. and Mrs. Stegar are now at their home in South Christian.

Icebanks on the Stump.

While Fairbanks is killing the late crops in the west with his cold storage speeches, Tom Taggart is winning the voters of Indiana over to the support of Parker and Davis. The Hoosier Senator was put on the ticket because of his "bar" and his alleged popularity in his home state. He has neither opened the one nor revealed the other and the National Republican Committee is plainly disappointed.

"BASEST SET,"

Are the Farmers, Said Roosevelt
In a Speech in 1896.

Meaning That He Looked Upon
the Farmers as the Lowest
Class of People.

Washington, Oct. 15.—(Special Correspondent of the KENTUCKIAN.)—The Republican speakers and the press bureau of the Republican National Committee are industriously denying that President Roosevelt, when he was Police Commissioner, Theodore Roosevelt, in New York City, in 1896, ever said that "Mr. Bryan and his adherents have appealed to the basest set in the land—the farmers."

Here are the facts and also some extracts from an interview that will prove interesting reading:

At a rally of the Sound Money Club at the Wool Exchange in New York City October 27, 1896, the leading speakers were Gen. H. P. Porter and Police Commissioner

political fence as Mr. Roosevelt and anxious to do him honor in exploiting his views. In the course of this interview, Mr. Roosevelt said: "Men who know they have in them the capacity of success, and who feel the thrill of pride that

"THE TWELFTH NIGHT."

As Arranged By Augustine Daly,
and Presented by Miss Burnett.

It is of interest to know that in the present revival of Shakespeare's "Twelfth Night" the text is word for word the same as used by the late Augustine Daly, that scholarly and gifted gentleman whose death was a loss to the American stage. When Mr. Daly made his notable revival of this play some fifteen years ago, he arranged a special prompt book, which by the way, is a rare and interesting document.

When Manager Joseph Shipman engaged Miss Charlotte Burnett for "Viola," he placed this book in her hands, saying as he did so: "I hope Miss Burnett, in presenting you with this relic of past greatness, the ghosts of the greatest American producer may hover around you to inspire your season's work."

It would seem that this wish has been granted, for wherever Miss Burnett appears she is hailed as the legitimate successor of Miss Reba, Mr. Daly's famous star.

Mr. Shipman has surrounded Miss Burnett with a large and capable company, including Mr. George Seybold as Navolino, prominent in the support of Charles Dalton, Julia Marlow, and other well-known stars; Mr. F. J. McCarthy as Sir Toby, who was leading comedian in the McCaul, Fay Templeton, Boston Ideal and Emilie Nelly Opera Companies, also Henrietta Crossman in "Mistress Nell." Mr. Joseph Wilson as Sir Andrew, who is widely known for his clever renditions in such plays as "The Prisoner of Zenda," "Pudd'nhead Wilson," etc. Mr. Henry Hallieck as Duke Orsino, who has long experience, notably with Frederick Ward and Louis James. Mr. Maurice Stuart as Sebastian, whose training for this particular part was under the watchful and artistic eye of Viola Allen. Miss Kate Raye as Olivia, recently with Kliss & Erlanger's "Two Orphans," and David Belasco's "Sweet Kitty Bellairs" (Henrietta Crossman), Miss Irene Eckis as Maria, who won distinction in "Alabama" and "Arizona." Mr. John Saphore as Feste, the Clown, who has the unique distinction of playing "Polonius" and "First Grave Digger" making a cast like the of which has not been seen in recent years.

We are indeed fortunate in securing a performance by this really excellent organization and just here we feel inclined to compliment a large number of our citizens who were instrumental in securing this company for a performance on Monday, Oct. 17. Already every thing points to a record breaking audience, and Manager Holland is making preparations to accommodate the banner audience of the present theatrical season.

The I. C. Statement.

It was an Athenian who reduced the philosophy of happiness to two rules of action: Take much from life, and give largely to the living. And in the centuries that have passed since Pericles exemplified his precepts in his own life, the world has progressed but little beyond the ethical law upon which he insisted. The terms have changed, but reduced to its ultimate intention, the dogma of almost every school of moral science from his day until now, is fairly stated in these words:

Where the Almond Thrives.

Almonds mature in a warm climate which is dry in summer. The more moisture they can have in growing time the plumper the nut, but when ripening approaches they need dryness. The requirements exclude from the culture many parts of California, where the almond was first planted. The nut will not mature in the coast regions where the fog prevails in each summer's day, nor in the colder parts of the state. The southern Sacramento valley and the northern San Joaquin are the localities where the almond thrives best and here many growers are making it their principal crop—Katherine Chandler in *Sunset Magazine* for October.

The Two Candidates.

Parker is a modest, sane, level-headed, gentleman with a mind trained by long service on the beach to a fair, conservative discussion of every question. Roosevelt is a strutting, strenuous politician, who takes the shortest cut to his destination, whether he tramples down the White House lawn, or kicks a hole through the constitution. One respects the jaws and the rights of the people, without an exhibition of viciousness or selfishness; the other is as wilful as a child, as full of resentment and studded with personal pride. How could any intelligent voter make a mistake between them?

THEODORE ROOSEVELT IN 1896.
When he was Police Commissioner of New York and said the farmers were "the basest people on earth."

Theodore Roosevelt. Mr. Roosevelt had but recently returned from a stamping tour of the West, in which he had devoted much time to Illinois. In the course of his speech at this Sound Money Club meeting at the Wool Exchange, he said:

"I shall confine my remarks to what Gen. Porter has said about patriotism. Patriotism comes first and I hope you will not fail to display it next Tuesday."

MR. BRYAN AND HIS ADHERENTS HAVE APPEALED TO THE BASEST SET IN THE LAND, THE FARMERS

"If they are not so, then why do they believe he can make a dollar out of fifty cents?" He tells them it can be brought about by a free royalty—the right to burn and plunder without the interference of the police.

"But this man back of Bryan, Gov. Altgeld, of Illinois, is far more dangerous than the boy who is anxious to precipitate another civil war."

"Altgeld typifies the danger that walks in the night. He talks much, preaches repudiation, but takes every penny from his employees."

In the course of this speech he also said that the delegates to the convention that nominated Altgeld were made up of murderers, horse thieves, burglars, libertines, crooks of all kinds—men who had been convicted of crimes ranging from pocket picking to arson and from mayhem to rape.

(The report of this speech was taken from the New York Journal of October 28, 1896.)

It appears that this speech was not reported in any of the Republican papers of New York, but this is not unnatural because the time was near the close of the campaign and so much political news was going that much of it had to be omitted. However, the sentiments of the speech were expressed on the same day that the speech was delivered and printed as an interview in the New York Sun of the same day that the New York Journal published the report of the speech.

Extracts from the interview follow:

In October, 1896, after a stamping tour, chiefly through Illinois and Michigan, Theodore Roosevelt, then Police Commissioner of the city of New York, gave a column interview to the New York Sun. This interview was evidently as carefully as Mr. Roosevelt ever considers anything. It was published in the New York Sun of October 28, 2d page, 3d column. The Sun was then, as at present, on the same side of the

increase in expenses of operating foot up \$2,057,367.96. The reasons for this disproportionate increase in operating expenses are: The prolonged cold season of the past winter, the increased cost of fuel and the increased wage scale of operatives. In the latter item alone the increase is shown to have been \$2,400,499.25.

There is food for reflection in this latter statement. It is sometimes bitterly complained by the working force that there is an unfair division with them of the profits of the gigantic industrial enterprises which transact the business of this Twentieth Century world. It is reasonable foundation for such a charge, it is certainly not to be found in the fact that the largest item of increase in the expenses of this road for the year is in the wages paid for its operatives.

One moral, however, is certainly pointed out by this condition of affairs. It is cumulative evidence of Republican prosperity, which consists in augmenting the earning power of an individual, or of a corporation, and at the same time increasing still more in proportion the essential expense account of the enterprise. That the Illinois Central Railroad should show such a result at the end of its year's business is not a matter for wonder. It would be if the result were otherwise. The road is an integral part of the commercial and industrial development of the United States, and necessarily reflects prevailing conditions. The facts shown in the statement referred to indicate how closely identified are the best interests of labor and capital, and how impossible it is for the one to prosper or suffer without involving the other.

As the great commercial artery along which pulses the interchange of business North and South, the Illinois Central is of special interest to both sections. As the chief of the many lines of rail centering in Memphis and discharging their swelling tides of commerce through her gates, the road is of special interest to Memphis. And hence it is with more than ordinary gratification that Memphis unites with the rest of the busy world of commerce, North and South, in effecting a spurious alliance. The Illinois Central has been an enlarged distributor of wealth during the past year. So much is evidenced by the annual statement. And in this respect, at least, it is to be congratulated upon having fulfilled what Pericles denominated the last of his purposes. It has taken with a larger grasp of the scope of the world, and dispensed with broader palm the result of its wings—Memphis Commercial Appeal.

REJECT ROOSEVELT BUTTON.

Labor Committee Finds Large Lot Without Union Label.

Indianapolis, Ind., Oct. 8.—A committee of labor union representatives today found a big lot of Roosevelt buttons here without the union label. They were made by a non-union concern in New York, and 10,000 were sent by the national committee.

The State committee has ordered union buttons, and the others will be returned.

All Parker buttons were found with the union label on.

LITTLE RIVER BAPTISTS

Elect Old Officers of the Association.

Cadiz, Ky., Oct. 7.—The Little River Baptist Association, which has been in session at Oak Grove,

Judged by this standard of happiness, the year closing of June 30, 1904, was an exceptionally happy one for the Illinois Central Railroad, for during that year it increased materially both its gross receipts and its expenses. The fact that the current expenses of the road increased more than its gross receipts, ought not, perhaps, to be argued by the pessimist. The road has, at least, felt the joy of disbursing sufficiently. It has been the medium of enlarged and wonderful activity, carrying more of the commerce and travel of the nation than ever before. It has, at the same time, cost the road more to carry its business than before, and the ratio of increased cost has outstripped the ratio of increase in the gross income.

Stated in the more exact language of the figures of the report of the directors of the road for the year referred to, it is shown that the increase in gross receipts from traffic amounts to \$1,645,069.04, while the Princeton, was re-elected clerk.

ONE STEP AT A TIME.

The lantern throws its dim light only just far enough for one step. But as only one step at a time can be taken that little circle of light is large enough to walk in. It may seem to be slow progress, but it is sure progress, nevertheless.

People who are sick with lung disease cannot be blamed for the desire to get well quick. But even on the road to health we can only take one step at a time.

Sufferers from lung "trouble" who have been cured by the use of Dr. Pierce's Golden Medical Discovery testify that with each day's use of the medicine the progress to health is marked. The cough lessens, the hemorrhage stops, the body gains in flesh and the strength grows measurably. Dr. Pierce's Golden Medical Discovery cures obstinate coughs, bronchitis, bleeding lungs, emaciation and other diseases which are neglected or unskillfully treated terminating fatally in consumption.

"A good doctor had a never-coughed and also neuralgia," writes Miss Bettie E. Payne, of Kiel, Okla. "For nearly three years his cough was so bad he could not lie down at night. He got no relief from the doctor we employed, so he bought two bottles of Dr. Pierce's Golden Medical Discovery, and took a tablespoonful every two hours. After the first few doses he could see that his cough was gone. He took it every well that night. The doctor said it was consumption—if it was consumption—it was the two bottles of Golden Medical Discovery cured him, nothing else did. We thank Dr. Pierce's Golden Medical Discovery for the medicine he has done for us, and we can recommend according to directions. I have recommended them to three of my friends, and with good results."

Doctor Pierce's Pleasant Pellets cleanse the bowels and stimulate the sluggish liver.

HERE'S A WAY TO SAVE
DOCTOR BILLS.

Physicians Give Free Advice by
Which Parents May Profit.

It was an association of gentle-
men, professionally physicians and
chemists, all of whom were born in
the drug trade, so to speak, and
who have been connected with it all
their lives, who first gave to the
world Castoria, which as every one
knows is a pleasant and effective
remedy for the ailments of infants
and children. It has always been
recognized as a meritorious pre-
paration, and its reward has been the
greatest popularity ever enjoyed
by any remedy ever put upon the
market; attained, not by flamboyant
advertising or appeal to ignorance
or vulgar prejudice, but by inher-
ent merit. All physicians recom-
mend it, and many, very many,
prescribe it.

Many parents call in the family
physician. Many other parents
take advantage of what the physi-
cian told them when he was first
called in consultation. All good
family physicians say: "Give
the children Castoria." Healthy
parents know this remedy of old, for
they took it themselves as children.
It was more than thirty years ago
that Castoria made a place for it-
self in the household. It bore the
signature of Charles H. Fletcher
then, as it does today. The signa-
ture is its guarantee, which is ac-
cepted in thousands of homes where
there are children.

Much is printed nowadays about
big families. Dr. William I. McCann,
of Omaha, Neb., is the father of
one of these much read-about
families. Here is what he says:
"As the father of thirteen chil-
dren I certainly know something
about your great medicine, and
aside from my own family experience
I have in many years of practice
found Castoria a popular and
efficient remedy in almost every
home."

Charles H. Fletcher has received
hundreds of letters from prominent
physicians who have the same es-
teem for Castoria that Dr. McCann
has. Not only do these physicians
say they use Castoria in their own
families but they prescribe it for
their patients. First of all it is a
vegetable preparation which assimilates
the food and regulates the
stomach and bowels. After eating
comes sleeping, and Castoria looks
out for that too. It allays feverish-
ness and prevents loss of sleep, and
this absolutely without the use of
opium, morphine or other baneful
narcotic.

Medical journals are reluctant to
discuss proprietary medicines.
Hall's Journal of Health, however,
says: "Our duty is to expose dan-
ger and record the means for ad-
vancing health. The day of
poisoning innocent children through
greed or ignorance ought to end.
To our knowledge Castoria is a
remedy which produces composure
and health by regulating the sys-
tem, not by stupefying it, and our
readers are entitled to the inform-
ation."

WORK OF WEIGHING

Mail Completed and Standard of
Pay Fixed.

The work of weighing the mails
on all railroads in the Southern
states, which was started by the
government last spring, has been
finished and the reports have been
turned in.

This work is done every four
years in order that the government
may determine whether the roads
are entitled to increased pay for
handing the mail matter and what
the increase should be.

The L. & N. will receive a great-
ly increased amount of pay, but the
increase for the Tennessee Central
is much larger than in former
years. This is due largely to the
recently increased mileage of the
road. It is understood that the
increase on the T. C. will be some-
thing like \$13,000 annually over
what it has been.

Practically without exception
the pay to Southern railroads will
be increased.

*Anderson's Famous "High Art" Suits
and Overcoats.*

These clothes are better than all others because they fit better, wear longer and are made of better material. If you've never worn one of these garments we only ask the privilege of showing them to you. The Carnival next week will be held on Ninth Street (between the two depots), and on Virginia Street between 9th and 4th, away from the business center. So you can come with the assurance that you can do your trading away from the bustle and then attend the fair. Come and make our store your headquarters. Leave your wraps and bundles here, we have ample space to take care of them.

AT HOWELL FRIDAY
Next Meeting of Teacher's Association
will be Held.

The next meeting of Christian County Teachers' Association will be held at Howell on Friday, Oct. 21, 1904, beginning at 10 o'clock a.m. Everybody is cordially invited to attend. An interesting program is being prepared and a pleasant day is anticipated.

The last meeting was held at the Walker School and was largely attended by the hospitable people of the neighborhood as well as by the teachers. We are very grateful to those good people for their kindness on this occasion.

An unusually good record has been made by the teachers so far in regard to these meetings; only one has been absent and it was unavoidable.

Every one has taken the part as signed and five meetings have been the result.

On account of holding these meetings on Friday this fall, which is done at the urgent request of the teachers, I will be in my office every Saturday and not on Monday as heretofore, until I have finished visiting the schools. However, I shall always be found in the office on the first Monday in the month. Trustees and others who may have business with me will please take notice of this. Very truly,

Katie McDaniel, C. Supt.

Colored People.

Carrie Sharp, the 14 year-old daughter of "Simp" Sharp, died on Howe street Tuesday of consumption.
